#### Activities of our Personnel

Dr. Raymond Jirran will serve as Chairman of the Academic Session in History at the annual meeting of the Virginia Social Science Association to be held at the University of Richmond in April.

Pam Dorman is serving on the Data Bank Committee for the National Orientation Directors Association for the 1974-75 academic year.

Howard Taylor spoke to the eighth grade class at the Spratley Junior High School Assembly on November 20 on career decision making and an orientation to the Office of Education's fifteen occupational clusters.

---

---

Congratulations to Michael Bruno, Chairman of the Peninsula United Fund Campaign at TNCC, who reports that the total amount pledged by our staff for 1974-75 is \$1,988. This is approximately one-third more than last year's total pledge of \$1,473. While the current figure falls short of the "fair share" assigned by the PUF, the increase in donation is to be commended.

---

---

Welcome back to Dr. Durgan after his recent stay in the hospital.
