Transfer Pathway Guidance

The Bachelor of Science in Nursing requires completion of 120 credits. This Transfer Guide shows how courses from the Associate of Science in Nursing at Virginia Peninsula Community College may apply to ECPI courses based on the current catalogs of both schools. This information is provided as a guide and is for planning purposes only. ECPI University must receive an official transcript directly from Virginia Peninsula Community College before credit is awarded. Courses completed within the past ten years with a grade of 'C' or higher and 'B-' or higher in Anatomy & Physiology may be eligible for transfer. General education or arts and sciences courses may be accepted without a time limit. Credit is not awarded for developmental or remedial coursework. All applicants must hold a valid, unencumbered license to practice registered nursing in their state of residence, and have a 2.5 GPA or better in the past nursing program. Each student will receive an official course-by-course evaluation based on their completed coursework and selected ECPI degree program.
