VPCC-W&M co-enrolled students are ineligible for participation in intercollegiate sports at W&M.

Section III

Admission to W&M as a W&M Degree-Seeking Student

Requirements

As students near completion of their coursework in the co-enrollment program, they should obtain the *Co-enrollment Application for Admission* from W&M officials. Application materials are due by March 1 for the fall semester and by November 1 for the spring semester. Acceptance is conditional upon receipt of a final transcript from VPCC and verification that the student has met the conditions outlined herein. Students who expect to transfer to W&M in the spring term will need to ensure grades from the prior fall are reflected on the final transcript.

VPCC graduates will be guaranteed admission as degree candidates to W&M provided they meet **all** of the following:

1. Completed an Associate of Arts, Associate of Fine Arts, or Associate of Science degree at VPCC within the past two years. Students earned a minimum of 45 credit hours of the total required for the transfer-oriented associate degree at a VCCS institution (not via transfer credit) following graduation from high school. There is no limit for credits for prior learning, but 45 must be earned post-high school graduation in the VCCS.
2. Achieved a cumulative grade point average for the transfer-oriented associate degree of not less than 3.4 (on a 4.0 scale) at a VCCS institution, not via transfer credit. Courses transferred into the two-year college are not included in the GPA computation. W&M will follow VCCS's course repeat policy. The GPA at the time of the letter of intent submission and at graduation are considered for eligibility. Courses taken at W&M will appear on students' VPCC transcripts and the grades for those courses also will be included in the calculation of their cumulative grade point average. Credits earned during co-enrollment at W&M will transfer to W&M if the grade earned is "C" or above; however, the grades earned will not be calculated into their W&M grade point average.
3. Passed at least four 3- or 4-credit hour courses, during co-enrollment at W&M and earned a cumulative grade point average computed on the W&M grades and courses only of not less than 2.7 (on a 4.0 scale). All courses taken at W&M, including courses for which students received a grade of "F" must be included in the calculation of this grade point average.
4. Submitted the application, as well as transcripts from VPCC, and other institutions attended to the Office of Undergraduate Admission at W&M.
5. While not required, it is strongly recommended that students earn a TOEFL score of 100 or above on the Internet-based exam, if non-US citizen/permanent resident and English is not the native language.

Additional Requirements to Matriculate as W&M student

Admission to W&M under the terms of this agreement does not imply admission to degree programs in either the Mason School of Business or the School of Education. Students intending to enroll in degree programs in these schools are asked to discuss prerequisites and other requirements well in advance of admission.

Eligibility for admission under the terms of this agreement is contingent upon meeting high standards of personal conduct. Conviction of a felony or other evidence of behavior inconsistent with the community standards and Honor Code of W&M may be grounds for denying admission or rescinding an offer of admission even if other requirements of this GAA are met.

A limited number of students may be admitted with Flexible Degree Track (part-time) status, if they live in the Williamsburg area and can show a compelling reason why full-time status is not feasible. Students seeking such status must attach a letter to their application explaining the request. Flexible Degree Track students must earn a minimum of 12 credit hours each year and may take no more than 10 credit hours in their first semester at W&M.

Co-enrolled students who do not meet the minimum standards outlined in this agreement may seek admission to W&M through the normal application procedures.

Section IV Tuition and Financial Aid

VPCC-W&M co-enrolled students will pay tuition and fees to VPCC at the VPCC rate with the exception of courses that require associated fees. These students are eligible for financial aid from VPCC.

Once enrolled as degree candidates at W&M, students will pay tuition to W&M at the W&M rate. Students seeking admission as degree candidates to W&M under the provisions of this agreement and who wish to apply for financial aid should file the free Federal Application for Student Assistance (FAFSA) and the CSS Profile with the Office of Financial Aid as soon after January 1 as possible, but no later than March 1, for the following academic year. Students expecting to be admitted in the spring semester should file the FAFSA as soon after September 1 as possible, but no later than November 1.

Section V
Reporting Requirements and other Responsibilities
of VPCC and William and Mary

Documentation Required of Parties

VPCC shall provide the following documentation to W&M:

1. Copies of the “*Letter of Intent to Matriculate at William and Mary*”, together with the students’ transcripts from VPCC. VPCC must submit these materials as a group (not individually) to the W&M Registrar’s office by March 1 for fall semester and November 1 for spring semester.
2. The student is responsible for submitting the College Report when matriculating. This form certifies that the co-enrolled student remains in “good conduct standing” at VPCC at the time of program completion and must be submitted to the W&M Admission office.

W&M shall provide the following information to VPCC:

1. Grades for co-enrolled students by deadline. Grades for the spring semester will be provided by June 1, grades for the summer terms by August 20, and grades for fall term by January 6. The W&M Registrar’s Office will field queries about a student’s grades before the January date if necessary.
2. Academic progress information for matriculated co-enrollment students upon request from VPCC.
3. List of faculty teaching co-enrollment courses each term and their credentials upon request.

In addition, designated staff and officials from both institutions may meet annually to discuss student success and review the academic status of VPCC-W&M co-enrolled students and those matriculated to W&M. Both institutions agree to share data on the performance of students who are co-enrolled and/or admitted under the terms of this agreement, as well as data necessary for comparison with native students.
